PROFESSIONAL EXPERIENCE

Appstrail Technology

Consultant

Bengaluru, India

Jan 2023 – Present

- Delivered Salesforce consulting engagements across utilities, financial services, FMCG, manufacturing, EV, public sector, and service industries.
- Led technical delivery for Salesforce implementations involving Service Cloud, Field Service, Experience Cloud, Consumer Goods Cloud, and Data Cloud solutions.
- Designed scalable architecture, integrations, and automation frameworks using Apex, LWC, REST APIs, and metadata-driven development patterns.
- Managed module-level ownership, code reviews, sprint execution, stakeholder communication, and production releases across consulting engagements.

Appstrail Technology

Associate Consultant

Bengaluru, India

Oct 2020 – Dec 2022

- Developed Lightning Web Components, Apex services, Flow automations, and integrations supporting enterprise CRM implementations.
- Implemented API-driven integrations connecting Salesforce with external systems using REST APIs and platform events.
- Supported end-to-end implementation lifecycle including requirements analysis, development, testing, deployment, and production support.
- Contributed to multiple Lead-to-Order implementations and automation initiatives improving business process efficiency.

ACHIEVEMENTS

- **Appstrail Excellence Award 2025** – Outstanding contribution and delivery excellence.
- **Salesforce India Partner Ideathon Winner (2022)** – Recognized for platform innovation.
- **Employee of the Quarter** – Awarded for exceptional delivery performance.
- **Foundation Day Team Award (2022 & 2024)** – Received for delivery excellence and innovation.
- **Product Builder** – Designed and published 9+ Salesforce productivity tools including Apex Genie, FieldForge, Package XML Generator, Metadata Exporter, and other developer utilities.
